

Spring 09

Greetings poultry lovers....

Thank you for subscribing to our newsletter.

Big news this week - we finally have tested ...

Fertile eggs

- Croad Langshans
- Transylvanian Naked Neck (large only - bantams soon)
- Araucanas (lavender and black)
- Rhode Island Red bantams
- A small number of eggs of other breeds that we can make into a mixed dozen (ring Morna to see what's available)

We're a bit late this year due to weather factors, and because we wanted to make sure that all breeds were well tested.

More eggs should be available as the weather warms up and fertility rises. We'll let you know as soon as more are available.

2 ways to order

1. Please ring Morna on **1300 556 401** (local call) and pay by credit card. We post every Monday. This is the quickest way to get your eggs. (We won't process your payment until the eggs are in the mail)

OR

2. Ring the above number to order - then send a cheque or money order to:

Pembroke Plants & Poultry

*1101 Pembroke Road
Pembroke NSW 2446*

FOR GENERAL ENQUIRIES PLEASE RING
02 6585 9329

(When ordering, please be aware that we live in a regional area where the phone service is sometimes erratic. If you can't get through, please leave a clear message and we will always try to get back to you asap.)

Cost

All eggs are \$40 per dozen plus \$12 postage and handling (for up to two dozen eggs).

Good hatching
